Contact information as of November 1, 2008.

How can I make a referral to tiny-k? Contact a tiny-k Network in your community using the map inside or see our Service Map at www.tiny-k.org.

Who is eligible for tiny-k services? Infants and toddlers, under 36 months, with disabilities and developmental delays.

What does early intervention provide and what will it do for the child/family? Services include speech, occupational and physical therapies, audiology, special instruction, family training, assistive technology, social work, vision, psychological, and nutrition services. There are also specific types of medical, health, nursing and transportation services available. A family service coordinator is available to assist families with the evaluation and eligibility determination, IFSP development and service provision, including assistance to ease the transition to Part B Special Education Services when the child reaches age 3.

How much does it cost the family? These services are provided at no charge to the family through the programs as described in Part C of the Individuals with Disabilities Education Act (IDEA).

Tiny-k Foundation, the statewide organization of local tiny-k providers, operates to "enhance the services for infants and toddlers in Kansas." The Foundation maintains membership including representatives from the Networks and one at-large member. There is a nine-member board of directors and two staff members.

Enhancing services for infants and toddlers with special needs in Kansas

www.tiny-k.org

- **In 2007-2008, tiny-k services provided 34,621 screenings and served 6,654 children and their families.**
- **Upon completion of tiny-k services, at least 30% of the children either exited the program with identified outcomes achieved, or did not qualify for further special education services.**
